## MATERIAL SAFETY DATA SHEET

Revision Number: 1.0  
Revision Date: September 10, 2007

### I. Product Identification:

All RAPTOR and BioHawk bioassay coupons and reagents

### II. Description of Contents

Components common to these products are purified animal, plant or microbial proteins and buffer salts. These materials are not considered hazardous, or are not present above 1%, or are not carcinogenic above 0.1% as defined in 29 CFR 1910.1200, the OSHA Hazard Communication Standard. Therefore a material Data Safety Sheet is not required.

Special Precautions: These products are for in vitro use only and are not suitable for household or therapeutic use. They are not medical devices.

The above information is correct to the best of our knowledge. Users should make independent decisions regarding completeness of the information based on all sources available. Research International, Inc. shall not be held liable for any damage resulting from handling or contact with the above product.
